**125 years of EIPA Eisen Palmen - a very special anniversary of which we are extremely proud!**

Throughout all these years, we have managed to stand our ground, assert ourselves and continue to develop despite ever-changing markets. With a great deal of passion, commitment, energy, a constant stream of new ideas and developments, and an open mind and ear for our customers, we have established ourselves as a reliable partner to the industry.

We have achieved this by continually adapting, reinventing ourselves and always looking ahead. The demands, possibilities and needs of our customers are constantly changing - and so are we.

In doing so, we have always remained true to ourselves: simply the best for YOU. We have continuously developed our products in line with your requirements, tested, checked and optimised them in our own laboratory so that you can use them in the best possible way.

As good, as stable, as resistant and as durable as possible.

We would like to thank you for your loyalty over the years and for making this anniversary possible.

True to our motto: **EIPA - FOR A LONG RUN.**
